COAL SITUATION IN BRAINERD DESCRIBED

Soft Coal Costs Retailer \$7 at Duluth Docks, Freight \$1 Ton Retailing Here at \$9.50 Ton

Prices Set by the Government, Dealers will Soon all be Licensed, Procedure is Explained

The coal situation is one that interests every householder in Brainerd.

An explanation of the regulations laid down by the federal fuel administration to govern the prices charged by retail dealers will be of interest. The order fixing prices went into effect Oct. 1.

By the terms of this order, signed by Fuel Administrator H. A. Garfield, a retail dealer is allowed to add to the cost of the coal, f. o. b. railroad cars at his station, an amount per ton equal to the average profit per ton made by him during the year 1915, plus 30 per cent of that profit to compensate for increased cost of labor and other increased expenses. But the total difference per ton between the cost to him and the selling price must not exceed the average gross margin received by him during July of this year.

To illustrate: A dealer who sold soft coal in 1915 and added an average of \$2 per ton to the cost to him, f. o. b. his railroad station, may now add \$2.60 per ton, provided, however, that he added that much or more during July, 1917. He may go under this figure, but he cannot go over.

The present cost of soft coal to Brainerd dealers at the Duluth docks is \$7 per ton. The freight charge is \$1 per ton, making the cost f. o. b. Brainerd \$8 per ton. Soft coal is now selling for \$9.50 per ton in Brainerd. Illinois soft coal brings \$8.50, being considered not so high grade.

Hard coal, nut, is \$10.75. Stove coal, hard, is \$10.75 a ton. Egg coal for a time sold at \$10.50.

"The whole proposition," says a trade organ, "resolves itself into the fact that no 'war profits' on coal are to be permitted in excess of the 30 per cent increase provided as a compensation for increased cost of labor and other increased expenses of doing business."

"The government proposes to examine the books of every coal dealer it licenses and it proposes to let no one sell coal who is not licensed, therefore, it behooves no man to try to fool Uncle Sam. The facts and only facts will go when the government agents call around this winter or next spring to check up the books."

In showing coal business as conducted in Brainerd, Carl Adams of the Winnor-Adams Lumber Co., related their experience. A contract for the purchase of coal from the docks was shown the writer. It was full of provisions where the coal company at the head of the lakes set out it was not to be held responsible for. About the only provision which was an exact statement of things was the clause that the retailer was to make payment in cash by the 10th of the month following shipment.

The contract was subject to the unusual present conditions and the uncertain future, combined with a shortage of coal and labor, that the order be accepted subject to delay, without a guarantee of deliveries and at the wholesale prices in effect on the dates of shipment.

All prices on a ton at the head of the lakes were 2,000 pounds, mine weights to govern settlements. All shipments were subject to strikes, lockouts, accidents, car supply, delays in transportation and other

courses beyond their control. In the event of such contingencies the wholesaler may prorate shipments in fair proportion on all contracts and orders previously accepted.

"Then," said Mr. Adams, "there is also to be reckoned with the shrinkage of coal and wood in Brainerd yards. Coal and wood is being stolen from yards and cars in Brainerd."

It resulted in an appeal by John Larson and the Winnor-Adams people to the Northern Pacific railway company for a watchman, the expense to be borne by the railway and coal men named.

Records kept at the Winnor-Adams' yards show a loss of 32 tons of coal from the commencement of their business January 8, 1917 to June 27 this year. In the same period of time persons short on fuel also stole 28 cords of wood from their yards. Losses sustained in this way by John Larson have not been received.

It has been found that as much as 1000 to 3000 pounds of coal were stolen from a car. The Winnor-Adams yards and those of John Larson sustaining losses are situated in the block west of the Brainerd Grocery Co.

There are always two sides to any question and this shows that Brainerd fuel dealers also have things to contend with. Doing business on such close margins it was found necessary early this fall to switch from credit to cash basis.

MINNESOTA REPORTS COMING IN GOOD FROM COUNTRY DISTRICTS

Minneapolis, Minn., Oct. 15—Minnesota reports from the country districts are coming in good with indications that the farmers are buying Liberty loan bonds liberally.

The first report from Freeborn county where Hartland village and township had an allotment of \$19,000, says the amount was over-subscribed in two hours, one farmer taking \$1,500.

Governors Lynn J. Frazier of North Dakota and Peter Norbeck of South Dakota advise the executive committee that following the action of Governor Burnquist of Minnesota and the State Banking Examiner A. E. Pierson in announcing that public funds will not be kept in state banks that do not subscribe liberally and help the loan, similar action is being taken today in North and South Dakota.

A. R. ROGERS, Chairman Ninth Federal District, Liberty Loan Bond Campaign.

The Liberty Loan bond campaign in Brainerd is rapidly being organized ready for business.

Districts in the first ward have been allotted to the members named and each man and woman is not merely begged to help, but is DRAFTED by the government to get busy and sell bonds. Results count. The city of Brainerd made a fair record on the first sale, but fell behind the government quota. This time Brainerd must come near the front and get within the figures set by Uncle Sam.

Here is the first ward flying division of bond salesmen:

West side of Sixth street from Laurel street running south to the end of street: Louis F. Hohman, Jr., J. F. Hurley, B. L. Lagerquist, J. J. Cummins, Jr.

Both sides of Fifth street from Laurel running south to end street: C. A. Lagerquist, C. B. Rowley, Henry Krause.

All territory west of Sixth and south of Quince street: F. J. Britton, George Donant, Andrew Ellingboe.

West Brainerd all territory south of Northern Pacific tracks and west back.

Many Germans in self protection are expected to place their property in the custodian's power. He will retain title to it during the war.

Germans Shell Lite Boats, Killing Three

(By United Press)

London, Oct. 15—One American was killed and a second seriously wounded by shell fire from a German submarine against boats as they were leaving a torpedoed steamer is announced. Both were members of the crew and ten other members of the crew escaped. Two Englishmen also members of the crew were killed by gunfire apparently directed with deliberate intention on the life boats. Eight persons in the boats were seriously wounded. The name of the ship is not announced.

New York, Oct. 15—In a 4 to 2 victory the White Sox this afternoon won the world's series from the New York Giants and the pennant goes to Chicago.

Early in the game Chicago got a three score lead in the fourth frame and Giant supporters yelled themselves hoarse when the New Yorkers nailed in two. After that the game was one which kept the fans on edge until the Sox clinched it in the ninth by adding another run.

A light rain started falling here at noon and the weather looked uncertain for the game.

The Giants were favorites in the game today, but the odds were with the Sox for the series. It was 5 to 4 that the Giants take today's game, but the Sox were favored for the series at 2 1/2 to 1.

The score by innings:

Chicago000 300 001—4 7 1
New York000 020 000—2 6 3

Batteries—Chicago: Faber and Schalk.

New York—Benton, Perritt and Rariden.

In the sixth inning Perritt started pitching for New York.

John Larson, pioneer coal man of Brainerd, who has seen eight coal companies in Brainerd pass away while he continued business, has kept right in the forefront of the van of progress and has bought a two ton G. A lot of coal was unloaded this morning at the Central hotel and crowds watched its operation.

Tomorrow at noon Dr. Bromley will put on his course of university lectures. Odd Fellows hall has been secured for the occasion and the ladies of the churches will serve lunch for twenty-five cents. Business, professional and other men can go directly from store or office and have luncheon and immediately following the lecture will be given.

The subject of the first lecture will be "Evolution" and it will be a fair and square presentation of this important, controverted theme. Tickets will be sold or may be secured at the door and every man who has an hour to spare is invited. Come and hear this subject discussed from the angle of a church man. The evangelist has delivered this course of lectures in many places and they are the product of a man thoroughly versed in the speculation of the schools and colleges.

Tuesday night is "Home Night." You are asked to come as a family, bring the children and sit together in the same bench and be all together. Old and young and aged members of the family are invited.

The meeting last night was the great meeting of the day. The largest crowd that has yet been within the tabernacle was present and took part in some way in making the evening a great success.

There were a number of special attractions that added interest. The symphony orchestra was present and assisted the chorus and Mr. Bergh played "Nearer My God To Thee" as a violin number. Miss McCague sang a solo and the tabernacle quartet sang a special number.

The religious interest is deepening every night and the earnest, serious faces of the people who are thoughtful attest the growing appreciations of this great drive for the souls of men. There has been some criticism but this is mostly from those who have never thought deeply upon spiritual matters and have overlooked the importance of the exercise of the soul.

The usual charge against a work of this character is that converts do not "stick." They forget their decision and drift. One minister in counting up his members received from the Lowry-Moody meetings of four years ago found that of the seventy-seven members received forty-three were still in good standing and for the most part contributing to the work of the church; twelve had drifted and were no longer in good standing; twenty-one had moved from the city, and one was dead. This same clergyman stated that of this number received from the last campaign many were the most active, helpful members. The fact that the Ministerial Association of the city is back of this movement shows their appreciation of the "stickiness" qualities of those who make a public decision of their intention.

Unless a true work of grace is wrought in the soul of the individual he will not be true to his decision to live a Christian life no matter where that decision is made. While often the disparagement of those who profess to be church members causes the young convert to cast away from his

mooring. No defense of a great religious awakening should be attempted for none is needed. The Christian does not have to prove the existence of God, he affirms it—so with a revival campaign.

Prayer was offered last night by Rev. H. H. Parish, of Fergus Falls.

Saturday night was Booster chorus night again, and the children were true to their name. They were Boosters all the time and helped make a very satisfactory meeting. Their tune "Boosters Will Shine Tonight" has an appealing strain that one keeps humming it to himself. Parents are seeing the good results from this training given by "Uncle Charley" both from a moral and musical aspect.

One of the couplets was "Tobacco, tobacco, is a filthy weed; From the devil it does proceed. It taints your breath and smells your clothes, and makes a chimney out of your nose."

Mr. Wieand sang "The Brewers Big Horses," one of the songs made famous by the Billy Sunday meetings. It was received with cheers.

Miss Cain gave the message from the book of Hebrews "How shall we escape if we neglect so great salvation?" and her theme was "The Great Salvation." She divided her text as skillfully as a theologian.

She said: "Salvation is an inclusive term it includes all God has done for us. Adoption, sanctification, justification and regeneration are all included in the term."

Salvation delivers us from the penalty of sin, from the power of sin, and from its presence. Salvation means more than being a church member, more than being confirmed, more than being baptized. It means Christ within the hope of glory. It is great in its scope, its cost, and its results.

Sunday Morning Service

The meeting Sabbath morning was devoted in large part to the statement of the financial condition of the meetings. The expense of erecting the tabernacle and getting it ready for six weeks of meetings in fall weather has been considerable. A number of interested citizens guaranteed the expenses by signing notes for different amounts.

There have been collections taken from night to night but these have only been sufficient to meet the smaller obligations. When the appeal for the expenses was made eight hundred fifty dollars was raised. The amount contributed throughout the day was one thousand three hundred eighty-one dollars. This about meets all obligations and relieves the guarantors from their guarantee. The desire of the committee is that all the expense be raised that no collections need be taken at the meetings in the future. This amount is not for the evangelist or his party but is solely for incidental expenses covering the campaign. The evangelist will receive the offering that will be made the last day of the meetings.

Sunday Evening

The text last evening was from Matthew sixteen twenty-six, "What will it profit a man though he gain the whole world and lose his own soul?"

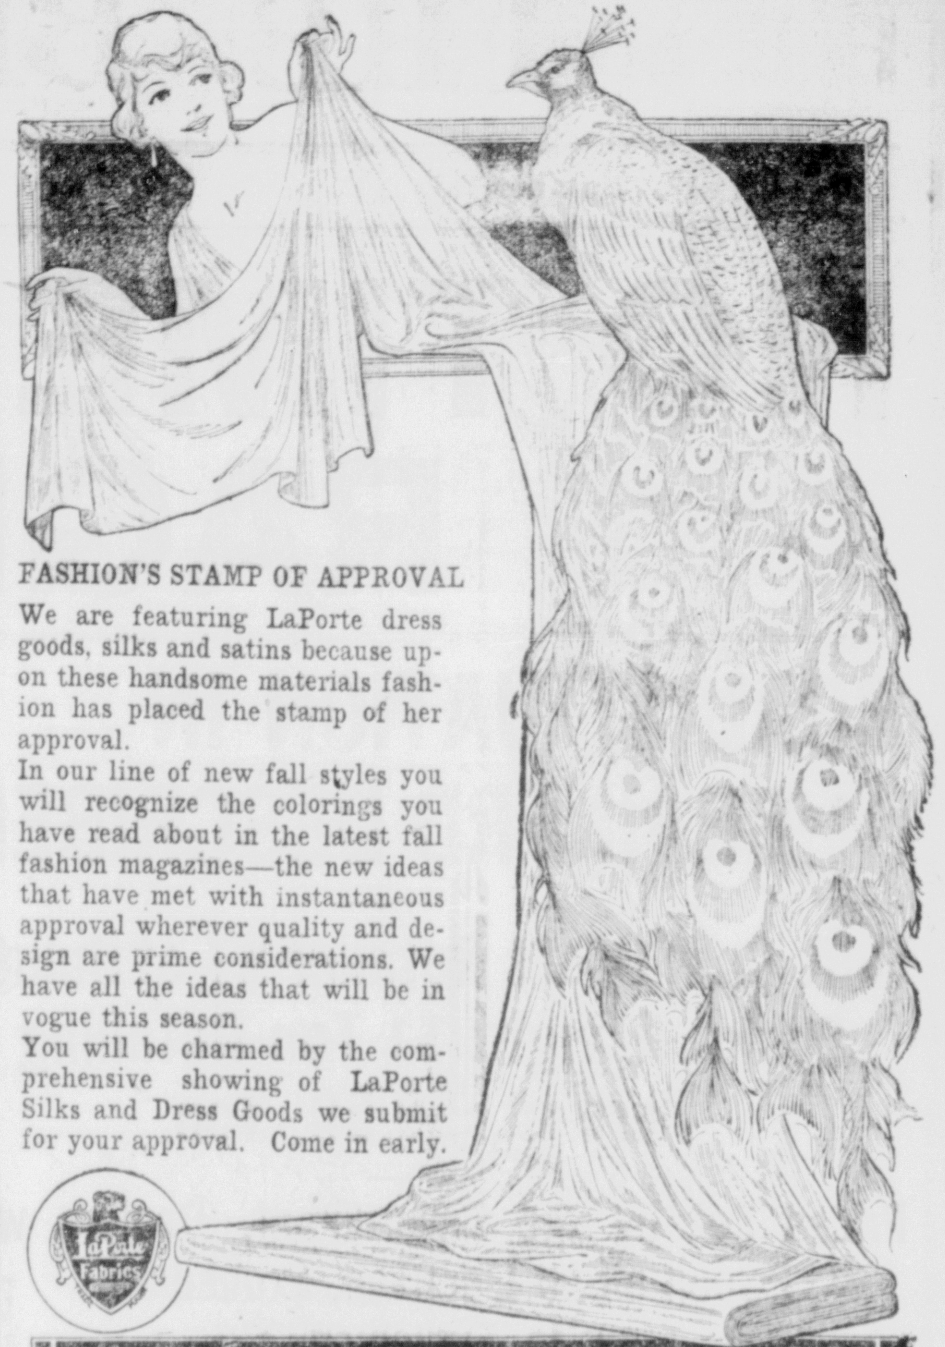

The Bible, experience and Jesus Christ teach that there is a future life. As a man lives here he will project his life over there. If he loves God here he will love him in the future state, if he denies Him here he will deny him there. The matter of leaving the body will not change the character of the person. He will live through eternity with the same characteristics he trains and develops on this side the grave.

You can't change a goat by knocking off its horns neither can you change the soul of a man by reforming him. He needs regeneration and the only power that can change a goat into a sheep is the Lord God Almighty. The only regenerating agency is the blood of Jesus Christ spiritually applied to the guilty heart.

People seek their own level whether in this world or the world to come. Those who love God will have His company and those who love the devil and his works will have his company. Judas when he committed suicide went to his own place. Two men coming to town will each seek the society he likes. If one is a Christian he will seek the tabernacle, if one is a gambler he will seek a card game before he has been here twenty-four hours.

There is no change beyond the grave, as you die so will you live on forever. He who is possessed with carnal lusts will possess them in exaggerated degree over there and seek to satisfy them. As you make your choice here your decision will be over there. Prepare to meet God on this side of the grave for there is no preparation that can be made after that event. The awfulness of being possessed with evil affections that grow and increase in intensity throughout a never ending age is horrible beyond belief. The thought of being associated for ever with the

The following were in attendance: Mrs. P. T. Boleyn, Fargo, N. D.; Mrs. Geo. Grewcox, Mrs. Geo. Murray, Miss Marie Clary, Miss Edna Orne, Miss Lena Olson, Miss Dorothy Burrell, Miss Jessie Johnson, Miss Evelyn Tougas, Miss Bessie Borgers, and Miss Olena Ordahl, all of Brainerd, Mrs. Harry Koop, Crosby, Miss Florence Miller, Duluth, Miss Kate Morgan, Grand Forks, N. D.

The following officers were elected for the ensuing year:

President—Mrs. Geo. Murray.
Vice President—Mrs. Geo. Grewcox.

2nd Vice President—Miss Marie Clary.

Secretary and treasurer—Miss Evelyn Tougas.

The members showed their patriotism by buying a Liberty Bond and donating five dollars to the local Red Cross.

DEATH OF MRS. BENTA OLSON

Died at the Age of 83. Leaves Two Daughters in Brainerd, Funeral Wednesday Afternoon

Mrs. Benta Olson, age 83, died of old age at the home of her daughter, Mrs. Swan Peterson, 1314 Mill street. She was the mother of Mrs. Swan Peterson and Mrs. P. T. Anderson.

The funeral will be held Wednesday afternoon from the Swedish Lutheran church, Rev. Elov G. Carlson officiating. The sympathy of the community is extended the family.

MERRIFIELD NEWS

Miss Mabel Ashcroft who has been visiting at the home of M. Gordon has returned to her home in Minneapolis.

Mr. and Mrs. Geo. Dike went to Milaca Saturday and returned home Monday.

Perry Hollingsworth has bought a potato digger and is digging for the neighbors.

A farewell party was given for Melvin Gordon and Fred Hazelton who expect to leave soon for training. J. D. Cornell was Brainerd visitor Saturday.

Mr. and Mrs. Joe Tutch and daughter Violet were picking butter nuts in the hardwood.

A carload of cattle was shipped from here today through Geo. McCulloch.

Mr. and Mrs. W. F. Dieckhaus and Mr. and Mrs. L. S. Budd of Brainerd were visiting at Cosette's Sunday.

Mr. and Mrs. Herb Peterson were digging their potatoes at Cosette's. They got 50 bushel of potatoes from one bushel of seed.

Meat Substitutes

Demonstration at 2 p. m. at the domestic science room of the high school, every day this week but Saturday. Free, and every patriotic woman is expected to take an interest and attend if possible.

While most people enjoy eating meat they must not forget that it is possible to have too much of a good thing. Authorities agree that previous to the present war about one-third of the money spent for food in the United States was spent for meat. Based on the census of 1909 the U. S. used a total of 178.75 pounds of beef, pork, mutton, lamb and veal a year, for each person, while Sweden and Norway used only 62 pounds and all consider the Scandinavians healthy, well-fed people.

Part of the U. S. consumption is waste but it is actually not necessary to eat so much meat in order to be well-fed. Come to the demonstration and learn how.

The Whole Neighborhood Knows

Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., writes: "Foley's Honey and Tar cured my daughter of a bad cold. My neighbor, Mrs. Benson, cured herself and family with Foley's Honey and Tar, and in fact most everyone in our neighborhood speaks highly of it as a good remedy for coughs and colds." H. P. American Ship Sunk; 9 Missing.

New York, Oct. 15.—The American steamship Lewis Luckenbach has been sunk by a German submarine off the coast of France, according to a cable received here by the firm of George Luckenbach, incorporated, owners. The cable stated that nine men of the crew of 56 are missing. The other 47 men escaped in the boats, presumably having reached Havre, the port to which the ship was bound. The Lewis Luckenbach was of 3,906 tons.

PLOT TO RAISE PRICES

Evidence Against Dairy League to Increase Milk Price.

Turned Over to Federal Authorities by Attorney General of Illinois.

Chicago, Oct. 15.—Attorney General Brundage of Illinois has presented to federal authorities evidence to prove a nation-wide plot by milk producers to raise prices.

Rise Follows Meeting. Ramifications of this alleged conspiracy, as indicated in Mr. Brundage's evidence, included the raising of a fund of \$5,000 to place a man friendly to the Dairymen's International league on the Hoover commission formed to fix a just price for milk.

This was said to have been done in Utica, N. Y., in July.

Tried to See Wilson.

The evidence also showed an attempt by dairymen to see President Wilson on the price fixing issue and to boycott dealers in Pittsburgh and elsewhere who refused to enter the price-fixing agreement. The effort to see President Wilson failed.

The evidence at hand is said to show that the October price of milk in Chicago—13 cents—was the aftermath of a meeting of milk producers held here September 21.

Mr. Kittle's notice to the president of the association regarding this meeting says, "the months of November, December, January, February and March are to be adjusted later."

SHORTAGE IN GERMAN CROP

Wheat Alone Shows Shortage of Forty Per Cent.

London, Oct. 15.—The Press Association publishes an economic review of the condition of the Central powers, in which it says that a special investigation ordered by the German chancellor of the 1917 harvest shows that the yield will be 40 per cent lower than in normal years for wheat and 45 per cent lower for rye, oats and barley. The total harvest of wheat and rye amounts to 7,500,000 tons, compared to 12,000,000 tons in 1913. The shortage will be partly compensated from the Roumanian granaries. The reviewer considers the situation during the coming winter will depend mainly on the results of the potato harvest.

Should frost, lack of labor or other reasons cause a shortage in potatoes, it will spell disaster.

The situation in Austria-Hungary, it is declared, is worse than in Germany.

MUST FILE TRANSLATIONS

Foreign Language Papers Come Under U. S. Supervision Tuesday.

Washington, Oct. 15.—Government supervision of the foreign language press, under the trading with the enemy act, will begin Tuesday, after which time all such publications not granted special licenses must file with their local postmasters before offering for circulation by mail or otherwise true translations of all articles respecting the government of the United States or any other nation at war.

Watch New Tobacco Fields.

Athens, Oct. 15.—The large American tobacco concerns are keeping their representatives over here, watching the development of new tobacco fields in Macedonia. These have come suddenly into importance because of some quality of the soil of Macedonia, like that of Cuba, favorable to the production of tobacco. It blends with other grades. The American demand for it has become such that there is now more Macedonian tobacco sent to the United States than any other article shipped from Greece.

indecent, the foul, the bestial has untold fearfulness in it.

How glorious it is to be saved! Christ's work accomplished in your soul and all eternity given to perfection of joy, the beauty of holiness, and supreme contentment. For company those who have no base desires, no carnal appetites, no thought of evil for the blood of Jesus Christ, God's son, has cleansed all this away.

If you are not saved right now you are lost. He who says he does not believe in hell will change his mind ten minutes after he gets there. He will change his mind then but not his heart for there will be no redemptive agencies operating there.

Why do you remain a sinner when these facts are known to you? What do you gain that you remain under the wrath of God? Will you sell your soul for a bunny hug, or a deck of cards or a whiskey flask? Did you ever see a devotee of the dance, cards or theater who was worth anything in a church prayer meeting, or as a Sunday school teacher, or a personal worker for the saving of souls? These are trifling things yet many are stumbling over them to eternal hell. The sin from which all others is an outgrowth is the denial of Christ and failure to let Him live within.

NEW CABINET FOR SWEDEN

Liberal Leader Asked to Choose Advisors.

Stockholm, Oct. 15.—M. J. Widen, president of the second chamber and former minister of the interior, who was charged by King Gustave with the formation of a cabinet, has replied that he is unable to accomplish the task. The king now has invited the Liberal leader, Professor Eden, to organize a ministry.

M. Widen's failure means that the king has been forced to abandon his hope of a coalition cabinet. The new ministry will unquestionably contain only Liberals and Socialists. Professor Eden is widely known as an educator and politician.

AUSTRIAN FLEET REBELLIOUS

Mutiny Among Austrian Sailors Is Expectation.

Rome, Oct. 15.—The spirit of rebellion is rife in the Austrian fleet. Mutinous outbreaks, such as that which recently occurred on German warships at Wilhelmshaven, are looked for on Austrian warships by Austrian sailors taken prisoners in the recent naval clash in the Adriatic.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

smokes to the men abroad.America's soldiers must have their
pipes and cigarettes and everything
else that can be sent them to help
them along.That's what the Brainerd Daily
Dispatch Tobacco Fund is for. It
was started because it was believed
readers would jump at the chance to
do something real for the American
soldiers in France. And they did.
Contributions started the first day of
the announcement and have been
coming in ever since.Every quarter buys this lot of to-
bacco which now retails for over 55
cents:

request the Liberty bond salesmen of
the first ward to meet at the city hall
council chambers Wednesday even-
ing, October 17 at 7:30 sharp for in-
structions. Please attend and show
the public you are patriotic.Rev. H. G. Stacey, pastor of St.
Paul's Episcopal church, was the
first "Four Minute" speaker at the
Best theatre Saturday evening and
made a stirring appeal to the theatre
goers. His words were listened to
with marked attention and will no
doubt plant the seed resulting in in-
creased sales of the bonds.More "Four Minute" addresses will
be given during the week. Other
volunteer speakers are R. R. Gould,
exalted ruler of the Elks, Fred T.
Lincoln, secretary of the Chamber of
Commerce, and others.Publicity of every kind is needed
and the people must be awakened to
the responsibility of financing the
war for democracy.Better buy a bond now than lose
the war and have to pay the Prus-
sian indemnity.Things are going along nicely on
the range and County Chairman A.
J. Hayes, cashier of the First Nation-
al bank of Crosby, has taken up the
"Four Minute Men" idea on the
range and shortly speakers will give
these "Four Minute Bond" talks in
moving picture theatres in Crosby,
Ironton, Deerwood and Cuyuna.
They will be short talks, straight
from the shoulder and delivered in
just four minutes each.Splendid, stirring Liberty Bond
appeals were made in the sermons of
Rev. G. P. Sheridan of the First Con-
gregational church and Rev. H. G.
Stacey of St. Paul's Episcopal church.Rev. Sheridan said: "A quick and
generous response will help free Ger-
many from the awful thralldom. It
will hasten the day when gunners
will not be chained to their guns,
when hearts will not be broken,
when our own boys will return to
the hearths they have left and it
will hasten the day when the world
will be made safe for democracy.""This said let the rich pay for the
war, we must remember that our na-
tional welfare demands that a fight
for democracy must be conducted in
a democratic manner. If the rich
and poor alike are called upon to
render military service, it follows the
rich and poor alike must be called
upon to render financial service, ac-
cording to their ability.""Germany is bound hand and foot
to a tyrannical rule that is not only
barbaric, but a rule that has out-
raged every sentiment of civilization.
We must subscribe to the Liberty
bond issue, not merely to free Ger-
many, but to save the world from
becoming the slave of self made gods
of militarism.""I hope and pray that in spite of
the pro-German, the fly speck chaser,
the senatorial objectors, the sore-
heads and the peace-at-any-price de-
fectives this Liberty loan will go be-
yond its goal."The "Four Minute Men" campaign
in the interests of the Liberty bond
sale began Saturday evening with a
short spirited address by Rev. H. G.
Stacey, who for the limited time al-
lotted him, gave the audience at the
Best theatre food for thought and
careful consideration.His address was well received and
was vigorously applauded by the au-
dience. He will speak again Tues-
day evening, if possible and R. R.
Gould will give the public some red
hot Liberty bond facts Wednesday
evening at the same theatre. W. H.
Crowell is another "Four Minute"
speaker Mr. Lincoln has enlisted who
will be heard in the near future.Manager Workman, like other co-
operative theatre managers, is co-op-
erating with the "Four Minute" men
committee and during the campaign
for the sale of bonds will afford the
limited time for these speakers. The
"Four Minute" men can not exceed
the time limit and are speaking un-
der special instructions from Wash-
ington.The public is urged to attend the
Best theatre and to hear these men
talk on a subject of vital importance
to everyone interested in seeing the
war brought to as rapid a close as
possible.The Liberty loan committee of N.
E. Brainerd has called a special
meeting for Tuesday evening to dis-
cuss and explain the Liberty loan
matter. Every member on this com-

Strenua Inertia.

Horace speaks of this state of mind
which we call nervousness and which
we consider peculiar to ourselves, and
describes it by felicitous image as
"strenua inertia"—strenuous inertia
—agitation, vain and ineffective, al-
ways wanting something new, not
really knowing what, desiring most ar-
dently yet speedily tiring of a desire

TRAIN HITS AUTO; 7 KILLED

All Occupants of Car Lose Lives in
Collision.Detroit, Mich., Oct. 15.—Every occu-
pant of an automobile driven by Jo-
seph J. Pohl were killed outright when
the car was struck by a Michigan
Central passenger train at Harsig
Crossing, 12 miles north of Detroit.
The victims were seven in number.The car was hit squarely by Bay
City-Detroit passenger train No. 208
at 3 o'clock. Occupants of another
car immediately preceding the Pohl
car crossed the tracks in safety, ac-
cording to an eye witness of the ac-
cident, endeavored to warn Mr. Pohl of
the approaching train. The warning
was unheeded, however, and the car
continued at about 20 miles an hour.
It is said, running directly into the
path of the oncoming train.The seven occupants of the car were
instantly killed, the bodies of two chil-
dren were taken from the pilot of the
engine. The other bodies were found
150 to 200 below the crossing.

Russia May Sell Peninsula.

Petrograd, Oct. 15.—The Russian
Volla says that a strange rumor is be-
ing circulated that the Russian gov-
ernment intends to sell the peninsula
of Kamchatka, on the northeastern
coast of Siberia to Americans. The
report said that Americans were offer-
ing several billions of rubles for the
territory. The project is prompted by
the financial difficulties of the treasury
and the desire of the government not
to increase the national debt.

Blight Cuts Potato Estimate.

Washington, Oct. 15.—Potato blight,
combined with unfavorable weather
conditions and shortage of potash fer-
tilizer, due to the war, has cut the
estimated harvest of tubers by 50,000,
000 bushels and threatens a serious
scarcity the coming winter.

MEMBERSHIP DRIVE IS POSTPONED

Meeting Scheduled for Tuesday Put Over in Favor of Liberty Bond Campaign

BIG CAMPAIGN TO BE LATER

Collection of Past Dues Ordered by Advisory Board—Activity of Chamber Appreciated

The big membership drive planned by the Chamber of Commerce to begin following a joint meeting of the membership committee and the advisory board Tuesday evening, has been postponed until after the Liberty bond campaign is over, as it is felt that the two would conflict and members of the Chamber are just now devoting their energies to aid in making certain a substantial response to the call of the government in the Liberty Bond campaign.

A substantial renewal list was secured by circular letter the first of July and it is felt that an active campaign will result in securing the desired 600 memberships, if started early in the coming month, as the amount of practical work clearing through the Chamber this year has been double that of previous years because of the big demand on the organization as the results of the war and community activities incident to Brainerd doing her bit in the same.

At the last meeting of the advisory board the secretary was instructed to carry out the rules of the Chamber relative to the payment of club dues and all delinquents have been notified that the organization can no longer carry those back more than the current quarter in their dues.

The advisory board took the position that it was an injustice to those who pay promptly to permit others to run behind in some cases two or three quarters and the rule will be enforced.

The meeting scheduled for Tuesday evening has been declared off until further notice.

POTATOES NIPPED BY THE FROST

Farmers of Crow Wing county who neglected to dig their potatoes before the frosty spell, find a considerable percentage near the surface frozen. They are being sorted and the frozen ones can be fed stock.

All Sunday many farmers worked in the potato fields, thankful for every ray of sunshine slanting across the sky. The biggest damage occurred Oct. 13 when the thermometer slid down to 13, being 19 degrees below freezing point.

DEATH OF MRS. A. J. KEATING

Sick Four Years with Diabetes, Passed Away Saturday. Remains Sent to Boone, Iowa

Mrs. Maud Longman Keating, wife of A. J. Keating, sick for four years with diabetes, passed away Saturday evening at 8:30 o'clock. She was born in Bureau county, Illinois, on October 5, 1874. She had lived in Brainerd since 1904. Their only child, a boy, died six years ago.

Mrs. Keating is survived by a husband, her father Sam Longman of Boone, Iowa, three sisters Mrs. E. J. Cook of Brainerd, Mrs. R. R. Rose and Mrs. Sarah Longman of Boone Iowa. She was a devout member of the Catholic church.

The remains on Monday afternoon were sent to her former home in Iowa, relatives accompanying the body to its final resting place. The sympathy of the community is extended the sorrowing relatives.

ESTIMATE IS REDUCED

Little Wheat For Allies Unless U. S. Curtails Consumption.

Only One-Ninth of 1917 Crop Can Be Spared for Allies, According to Figures.

Washington, Oct. 15.—Unless Americans heed the call of the food administration and curtail consumption of this year's wheat crop, only 77,696,000 bushels, or 11.8 per cent, will be left for export to the Allies and neutrals after the requirements of the United States are filled.

Experts of the bureau of crop estimates in calculating this year's theoretical wheat surplus have placed the consumption at 10 per cent less than the normal of 5.3 bushels as this year's conditions resemble those of 1916, when the apparent per capita consumption was about 4.75 bushels.

For the estimated population of the country—103,635,000 people—the requirement on that basis is 494,830,000 bushels.

Seed requirements they estimate at 87,271,000 bushels.

This year's wheat crop, from the preliminary estimates, is 659,707,000 bushels and the total requirements of the United States are placed at 582,101,000 bushels, leaving 77,696,000 bushels surplus.

RAINFALL STOPS OFFENSIVE

British on Flanders Front Halted by Downpour.

London, Oct. 15.—Sunday again saw a heavy rainfall on the Flanders front and there were only reconnoitering encounters and artillery activity. Near Poelcapelle and Beclarae the British troops repulsed German reconnoitering detachments, while the French attacked German patrols and took a number of prisoners. Along the Aisne, a lively artillery duel continues between the French and the Germans.

On the Austro-Italian front, especially in the Isonzo region, the reciprocal bombardments continue heavy. One infantry engagement reported was in the Chiapovano valley, where Austro-Hungarians attempted an attack, but were repulsed by the Italian fire.

Explorer Lost Since 1916.

Dawson, Y. T., Oct. 15.—Vilhjalmr Stefansson, noted explorer, has not been heard from since March, 1916, according to Bishop Stringer, who was here today after a five month's trip up the Arctic coast as far east as Cape Bathurst. In March, last year, Stefansson was in Banksland. North-easterly gales, which carried the Arctic ice pack toward the mainland shore, are thought to have made it impossible for him to travel toward Dawson. His original plan was to proceed eastward through the Northwest passage.

Ship Strikes Rock; Ten Lives Lost. London, Oct. 15.—Ten lives, including that of the captain, were lost in the sinking of the French steamer, Hironelle, by striking a rock in the English channel. First news of the vessel's destruction was brought by seven survivors, who landed in a small boat.

New Cabinet for Chile.

Santiago, Chile, Oct. 15.—A new cabinet has been formed to succeed that headed by Ismael Tocornal, which resigned July 24. Eduardo Suarez Mijca, the new minister of foreign affairs, is the former Chilean ambassador to the United States.

Disloyal Pastor Angers Audience. Columbus, Ohio, Oct. 15.—Denouncing government war policies and calling President Wilson "our incomparable opportunist," Rev. Dan F. Bradley, pastor of the Pilgrim church, Cleveland, created a furor at the session of the National Council of Congregational churches and drew opposition from his audience. Waves of resentment interrupted the speaker at several points in his speech and in anger he invited those who did not wish to hear him to leave the hall. Several men did so.

Women Have Their Troubles

Not only middle-aged women, but younger ones, too, suffer from backache, pains in side, swollen ankles, sore muscles, rheumatic pains and kindred ailments without knowing that these are most often the result of deranged or overworked kidneys. FOE TRADE LAW PUT INTO EFFECT

President Issues Regulations for New Trading With the Enemy Law.

RULES ARE IMPORTANT

Every Citizen Is Affected by Act Which Is Expected to Force the Germans to Submit.

Washington, Oct. 15.—Regulations for the trading with the enemy act have been issued by President Wilson. They constitute the most far reaching control of every phase of intercourse between the United States and the world.

They give legal force to every move of the United States in casting about Germany an economic barrier which will compel her into submission.

Not only the new regulations for cutting off trade between the United States and Germany, but they do the following:

Cut off trade with Germany's allies.

Cut off trade with those who do trade with either Germany or her allies.

Provide custodians for all enemy property in the United States.

Require special licenses for trade or intercourse with any enemy or ally of an enemy within the United States.

Authorize the Secretary of the Treasury to investigate and supervise all foreign exchange and prevent its working to the advantage of the enemy.

Empower the Secretary of the Treasury to stop the taking from or into the United States of any communication other than by mail, telegraph, cable or wireless.

Creates Censorship Board.

Officially creates a censorship board consisting of representatives of the Secretaries of War and the Navy, Postmaster General, War Trade board and committee on public information to censor mail, cable, radio and other means of communication.

Authorize the Federal Trade commission to keep secret all patents that may be developed for the interest of the United States and to provide for working in the United States under patents held by enemies or allies of the enemy.

Vest in the Postmaster General the authority to censor foreign language publications.

Charge the Secretary of State with control over the entry and egress from the United States of enemies or allies of the enemy.

Authorize the Secretary of Commerce to hear appeals of refusals of customs officers to grant clearance papers to vessels.

Charge the Attorney General with the enforcement of the criminal sections of the trading with the enemy act.

Empower the President to regulate imports as well as exports.

"LIBERTY OXYGEN" A SUCCESS

Airmen Can Do Terrific Execution From Great Height.

Washington, Oct. 15.—Aircraft flying the Stars and Stripes may bombard Berlin from a height of six miles through the latest invention of American scientific genius. At this height German defending planes and guns would be useless.

This unheard of height can easily be attained by the "Liberty motor," according to all experts. The only difficulty has been that in such a rarefied atmosphere the aviators themselves could do nothing; the terrific demands on their lungs are too great to permit other action. Airplanes have attained heights of 25,000 feet but the difficulty of breathing all but made the aviators powerless.

Now American science steps in with the twin of the Liberty motor. "Liberty oxygen" is its name and it is a respiratory device which automatically supplies to the flier the oxygen which is lacking in the natural air at high altitudes.

TEUTONS LAND IN RUSSIA

Report Says Gunners Are Now on Mainland.

Amsterdam, Oct. 15.—Unconfirmed dispatches from Swedish sources say that the important town of Hapsal, on the Estonian mainland, terminus of the direct rail to Revel and Petrograd, has fallen to the German naval forces that captured the two islands dominating the Gulf of Riga. Hapsal lies 275 miles south of Petrograd, but with its occupation German control of the Riga Bay would be complete and the menace to the Gulf of Finland extreme.

U. S. MAY TAKE RAILROADS

"Exigencies of War May Force Action," Preparedness Committee Says.

Washington, Oct. 15.—The Great Northern and Northern Pacific, ocean liners owned by the Hill interests and recently used in Pacific coast trade have been requisitioned by the shipping board and soon will be put at disposal of the war department for transport service. The government will pay approximately \$3,600,000 for them.

BADGER SOLON IN DENOUNCED

Taft Scores La Follette For Pro-German Attitude In Speech Made In Chicago.

WANTS WORLD PEACE

Former President Asserts America Is Following Only Course of Honor in Participation in European War.

Chicago, Oct. 15.—William H. Taft, president of the League to Enforce Peace, in a speech here under the auspices of the Liberty Loan committee, attacked forces in and out of Congress that are working for premature peace.

His address was the first of several he will deliver in various cities.

Work to Hinder War.

"While we may sympathize with the sorrowful feelings of our loyal fellow citizens of German antecedents," Mr. Taft said, "how detestable is the attitude of those with no such traditional and family ties who, because of supposed pro-German sympathies of their constituencies, conduct themselves in Congress and in newspaper columns so as to obstruct as far as possible our government's conduct of the war against Germany."

Scorns La Follette.

"Senator La Follette," Mr. Taft continued, "says that while our citizens had the right to go on commercial vessels carrying supplies to the Allies, it was only a technical right, and one that we might well waive rather than go to war."

"Was the right of those innocent 114 American men, women and children, sent to their death without warning on the Lusitania, to life and safety only a 'technical' right?"

"It shocks one's deepest feelings to think that a senator in the Congress of the United States could use words of such an import."

Only Course of Honor.

"Those citizens had a right to be where they were and a right to life and safety. Senator La Follette ignores the humiliation, the dishonor, and the lasting injury to our national influence of yielding the rights of our citizens, or of withholding protection from them in the pursuit of their lawful trades on the high seas at the dictation of a military power like Germany, because of a fear of that power."

Fighting for Freedom.

"Our country is fighting for our life as an independent nation and for the independence of other nations. It is struggling for the peace of the world."

Catarrhal Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by all's Catarrh Medicine. Circulars free. All Druggists, 75c.
